

1ST MARINE AND COASTAL POLICY FORUM

Centre for Marine and Coastal Policy Research
University of Plymouth

Wednesday 22nd June

Time	Activity
18.30	Welcome/ Practical info: Lynda Rodwell, Co-ordinator Centre of Marine and Coastal Policy Research, University of Plymouth
18.45	Keynote opening address: Laurence Mee, Director Scottish Association for Marine Science
19.45	Drinks and canapés reception, poster set-up and registration
21.00	Close

Thursday 23rd June

Time	Activity
08.30	Registration, coffee and poster placements
09.15	Keynote opening address: Dan Laffoley, Marine Vice Chair and Senior Advisor for the International Union for the Conservation of Nature

Session A: Management and Planning of Marine Resources

Chair: Patricia Almada-Villela, Marine Management Organisation

10.00	Comparing the incentives for more selective fishing of effort based management and catch quotas under a policy to ban discards H.M. Condie , A. Grant, T.L. Catchpole, University of East Anglia
10.15	Mapping fisheries for marine resource management using gear-specific Vessel Monitoring System data K. M. Stehfest, M.S. Campbell , S.C. Votier, J. M. Hall-Spencer, University of Plymouth
10.30	The Marine Estate: Planning, Protecting and Policy D.T. Tudor , O.C. Burgess, The Crown Estate

10.45	<i>Coffee break</i>
-------	---------------------

11.15	Mapping the offshore area to underpin marine policy R.B. Wynn , National Oceanography Centre and MAREMAP partners
11.30	Frequent locations of oceanic fronts as an indicator of pelagic diversity: application to MPAs and renewables P. I. Miller , Plymouth Marine Laboratory

11.30	Workshop 1 Data Access , Patricia Almada-Villela Marine Management Organisation & Dan Lear The Marine Life Information Network	Workshop 2 Marine Renewables , Annie Linley NERC Marine Renewable Energy KE Programme, Maria Campbell & Matthew Ashley University of Plymouth
-------	--	---

13.00	<i>Lunch & poster session</i>
-------	-----------------------------------

Session B: Science Policy Integration for Coastal and Marine Governance	
Chair: Stuart Rogers, Centre for Fisheries, Environment and Aquaculture	
14.00	Feedback from workshop 1 and 2 (Patricia Almada-Villela and Annie Linley)
14.15	Climate Science and Decision-Making in Coastal Flood Defence Policy P.C.A. Stanger , University of Cardiff
14.30	Environmental Research: An analysis of policy makers' needs F. Davenport , M. Kilfoyle, F. Quick, E. Weitkamp, The Science Communication Unit, University of West of England
14.45	Why integrated coastal management should be fully considered in the frame of national ocean policies? Y. Henocque , Institute français de recherche pour l'exploitation de la mer (IFREMER)
15.00	Integration of Evidence-Based Flood and Coastal Erosion Risk Assessments and Shoreline Management Plans in the Development of Coastal Change Management Areas and Planning Policy A.J. Colenutt , Channel Coastal Observatory, E. Gerry, New Forest District Council
15.15	Additional question time

15.30	<i>Coffee break</i>
-------	---------------------

16.00	Workshops 3 Marine, Policy and Society , Alex Midlen, CoastNet	Workshop 4 20 Research Questions to shape the Marine Policy Agenda , Siân Rees & Gillian Glegg, University of Plymouth
18.00- 18.30	<i>Poster Judging panel: Laurence Mee and Bob Earll</i>	
19.00- 21.30	<i>Historical supper cruise around Plymouth Sound and Tamar with commentary provided by Martin Read of the University of Plymouth</i>	

Friday 24th June

Time	Activity
08.30	Registration and coffee

Session C: Social and economic considerations in Marine Policy

Chair: Matt Frost, Marine Biological Association

09.00	Poster judging outcomes followed by feedback from Workshops 3 and 4 (Alex Midlen and Siân Rees)
09.15	Valuing change in the marine environment J.S. Saunders , ABP Marine Environmental Research, R. Tinch, I. Dickie, Economics for the Environment Consultancy (eftec)
09.30	Visitor moorings for UK small craft: a dangerous neglect? M.J. Clark , University of Central Lancashire
09.45	Social and economic implications of a closed area: Lyme Bay case study S. Mangi, S. Gall, C. Hattam, S. Rees, L. Rodwell
10.00	Marine Fisheries and sense of place in coastal communities in southern England: the challenge for policy makers J. Urquhart , T.G. Acott, University of Greenwich

10.45	<i>Coffee break</i>
-------	---------------------

11.15	<p>Workshops 5</p> <p>Towards a Systematic Approach to including Ecosystem Services in Marine Spatial Planning in the UK, Steve Fletcher & Siân Rees, University of Plymouth</p>	<p>Workshop 6</p> <p>Helping to bridge the Gap between Marine Science and Policy, Martin Bloxham, Barefoot Partnership</p>
-------	--	--

12.45	<i>Lunch</i>
-------	--------------

Session D: Marine conservation and Ecosystem Based Management

Chair: Roger Covey, Senior Marine Advisor, Natural England

13.45	Feedback from Workshops 5 and 6 (Steve Fletcher and Martin Bloxham)
14.00	Marine benthic biodiversity and the MCZ site selection process O. Langmead , E.L. Jackson, University of Plymouth and the Marine Life Information Network, Marine Biological Association
14.15	De-mystifying measures of confidence in marine habitat mapping C. Chambers , B. Pearce, J. Pitts, J. Hill, Marine Ecological Surveys

14.30	Changes in the fauna of the Lyme Bay reefs subsequent to the exclusion of towed fishing gears T.F. Stevens , Griffith University Australia, E.V. Sheehan, S.C. Fowell, S.C. Gall, M.J. Attrill, University of Plymouth
14.45	Conservation of mobile marine species: Use of habitat models to define Marine Protected Areas and study fine-scale habitat use C. B. Emling , University of Plymouth
15.00	Making the Ecosystem Approach real? N. Barker Bradshaw , WWF-UK
15.15	Additional question time

15.30	Keynote closing address: Bob Earll, Director Communication and Management for Sustainability
16.00	Concluding remarks and follow up details, Lynda Rodwell
